STATE OF COLORADO

ABSTRACT OF VOTES CAST
1978

PRIMARY ELECTION
September 12,1978

GENERAL ELECTION
November 7, 1978

COMPILED FROM OFFICIAL RETURNS
BY
MARY ESTILL BUCHANAN
Secretary of State

DEPARTMENT OF STATE

The 1978 Abstract of Votes for the second time is produced by computer.

We hope again to provide as complete a picture of Colorado's voter behavior as our data will permit. Computations are derived not only for votes cast for each candidate and each office, but also on relative voter turn-out and voter participation by office.

The columns for "no" vote count the voters who received a ballot but chose not to vote for that office.

Political researchers may find the addition of the new pre-registration by political party information helpful in analyzing voter turn-out.

The computer lay-out may need explanation. Candidates are listed at the top of the race compilation by name, party affiliation and column number. The votes for each candidate are shown by column number.

Also included are summaries by county of votes cast for certified write-in candidates.

Our goal in this abstract again is not only to list the votes cast for each candidate for public office, but also to provide the additional information needed by political researchers and candidates to stimulate a more informed and participating voting citizenry.

Better understanding of voting patterns is important to citizens impacting their government through their ballot power, and for those officials elected to public office to more accurately represent their constituents.
